**President/CEO at Valdosta-Lowndes County Chamber of Commerce**

President Ballard all I can say is WOW! WOW! WOW! You informed me how meeting Mr. Tim Jones would be unforgettable. I met Mr. Jones on 17 June 2013, and my life has been changed /focused forever. I felt like Mr. Jones was positioned to share and provide direction for The U-Can! Man's next 5 to 7 year Career Strategy. Mr. Jones did as you have often done shared quality time with me. I know he is a super busy Business Leader in our awesome 5 Star Chamber. President Ballard I have attached 1st 5 to 7 Year Journey (which was and is inspired by You April-July 2009)) on this email. Mr. Tim Jones shared and inspirational yet detailed view of how the Chamber desires and is making a difference. During this conversation Mr. Jones inspired me to decide on my next career goal in life. I have been in Valdosta GA 7 years and have dealt with and am a part of "EBC" (see below) This team of three were gleaned from Mr. Jones positive outlook for our future. I am excited about working to help Team EBC work together because Mr. Jones and I agreed it is about "KFC" See below. I have placed my 1st and 2nd 5 to 7 year Strategy at the top of my Empowerment website [www.johntheucanman.com](http://www.johntheucanman.com) Thanks again for connecting me with a person on the "EBC" Team that has helped The U-Can! Men develop into who I am becoming. I will meet Mr. Jones again for the help I am asking for. BUT Mr. Jones today took time to pour into the "EBC" team member (The U-Can! Man) who has only one desire to help people. I am excited and have been trained/educated/and had my mind open to many ways to help our "EBC" Team progress today. Sorry for such a long response but 17 June 2013 is a day I shall never forget. I am excited and ready to make a difference. Thanks again for your quality time pouring into The U-Can! Man. I pray God help me to continue investing in Team "EBC" WOW! I AM HAPPY! U-CAN!
