

-Mr. Michael Talbott, Instructor of English at  
South Georgia State College

**Embracing Your Memories: Wisdom from My English Teacher**

John, life is full of memories. Over the past five years, your website has recorded your life memories. Memory is an acronym for:

M- Make the most of them

E- Enjoy them

M- Make more memories

O- Observe the beauty in all of life and its happenings

R- Relive them frequently

Y- Your life is a memory

John, your example is one to be admired, and who knows, perhaps one day people will follow the innovative example you have set. Finish fall semester strong, and I will see you at graduation in December 2013.
