The U-CAN! Man Is Better Than Ever

DEBBIE SNAPP

The U-CAN! Man is back and even better than ever. He says, "It's because of so many people that I am alive in so many ways." He thanks everyone for the many acts of kindness, the wisdom shared, encouragement shared, and precious time shared.

"The items following were made possible by you doing your job and always showing and telling me good, positive stories about your area." He goes on to say, "I am grateful and feel led to just say thanks, because without your many kind acts there is no 'The U-Can! Man.'"

*I earned one 'A' in high school in 10th grade PE 78-82, not being serious. *I survived an M-16 gunshot in 1983. I was shot at point blank range in the arm through the stomach. I am carrying multiple fragments in my body from the gunshot still today. *I was held at gun point in reference to a robbery in the area, which I had nothing to do with in 1986. *I've had multiple guns, locked and loaded, and pointed in my face and at my friend's face in 1987. *I was involved in a fatal, tragic car accident in 1990. My friend died in the car I was driving. *I had five major life or death surgeries, two in 1983, one in 1985, one in 1993, and one in 1997. Another soldier had the same surgery, same month, same doctor in 1997, however, he died. *I was almost kicked out of the Army with no benefits in 1999 after 17.5 years. *I was fired, however, I was allowed back due to the law. *I had five bleeding ulcers. I lost four pints of blood from the last one.

*I planned to kill myself in 2000. While getting gas, I saw a car tag that said 'God is Good,' it saved my life. *I was allowed to retire in 2007 after 25.5 years of service. *I failed the college compass test for

Reading, Math, and English in July 2009 and had to take remedial Reading, English, and Algebra II courses to start regular college classes. After passing all my remedial courses, I still needed one College Algebra class and three Spanish classes. I earned 30 A's in college, graduated with honors in 2009-2013, being serious. *I've been married for 26 years, we have five children ages 23, 21, 15, 9, and 6. *I have created over 55 strategies designed to give hope and to inspire people.
