

Patrick Gaitor

Hey! My name is Patrick Gaitor, I am from Miami, FL. I have been attending Valdosta since fall 2010, I have had a difficult time initially when I transferred to Valdosta State University. I have changed majors 3 times since I have been here and I finally found a major I love. Sociology is the major I decided to stick with. The department has excellent instructors in Dr. Hochschild, Dr. Richards, and many others. If I had better guidance I would have taken this major earlier in my academic career. Prior to enrolling at VSU, I attended two other schools: I believe VSU is a great school. VSU gives you plenty opportunity to acquire your degree. I encourage all to come attend Valdosta State University; VSU has a diverse student population, great instructors, and many degree fields to satisfy student interest.
