GET IN THE GAME !!!

Hi , my name is Garrick Johnson and I am returning to Valdosta State University to complete my degree after a minor set back. GET IN THE GAME !!! I came to Valdosta State University after I graduated from Georgia Military College and continued on my journey to higher education. I was in my junior year when I had some rain in my life. The storm came and as you know, when it rains it pours. I was working full-time and managing school as most students, when I had family issues and legal issues which caused me to withdraw. NOW, I'M BACK!!! I am enrolling back in school and plan on starting class this coming January. I will say that I was excited when I saw many students graduate at many of the ceremonies that I have attended over the years , in which I have had many classmates / friends to complete their degree. I know that I have a lot of hard work and long days and nights in the computer lab ahead of me, but I must do this to complete my resume and my life. My motivation has come from all sorts of people and a lot of obstacles that I have had in my life , with all of the stories that I have read and some that I have personal knowledge of I know it's time to GET BACK IN THE GAME !!!
