

## The U-Can! Man (also known as John Wallace Isom Jr.)

There is one special person who has been in my life since I was born. Every time you see him, he has a bright smile on his face and is full of energy. He works so hard around my house to keep it clean, and he also studies really hard. He would always make sure GOD was first, FAMILY was second, and school was third. Sometimes he would need encouragement, and I would say, "You're your best by never believing something is not so," and I'd also say "U-CAN!" He ALWAYS tried his best! This person will be the perfect role model for me when I get in to college. He sets a goal to try his best, study really hard, keep his goals in reach, and, most importantly, keep his encouragement high. The person I am so amazed to recognize is my dad, John Wallace Isom Jr., also known as the U-Can! Man, an official graduate of Valdosta State University! Congratulations!!!

Love,

Your daughter Joy Isom
